“ To my sweet precious jasmine (Jazzy) Searcy you brought us so much joy to our family for almost 15 years. I will never forget the day we went to pick out a yellow lab and there were several but somehow we just knew you were the one. I am so glad you snuggled up close to my feet and won my heart over and I knew it was love at first sight. ❤️🐕❤️🐕. So the decision was made and the owners put a little red spot of nail polish on the nape of your neck to make sure we got the right one when we went back to pick you up. We anxiously awaited for several more weeks and when that day came we drove to get you and you slept on my right shoulder all the way home. It didn't take long for you to outgrow that because you grew so fast and we were so blessed to have you for the years we did. But your health had deteriorated over the last several years and you lost your hearing. I made believe you could read sign language and would say 'I love you'. I debated on what I should do but I could not watch you suffer anymore and I had to stay strong and now that I am alone the decision was strictly left up to Mel. I want you to know I did everything I could to keep you here but I also knew I wanted you to have a healthy life and you were slowly losing that so I asked the Lord give me the peace to make the ultimate decision. Trust me jazzy it wasn't easy but I know you are no longer suffering and you are made whole again. I love you and RIP Jazzy Searcy 2007-2022.

Love you! Momma Beverly ❤️❤️🥰🥰🐕🐕🥹🥹
