Jesse was the sweetest girl, this is her story.

I first saw her on a page from Vestavia Animal Care where she had been brought in by the police department. She had been hit by a car and the clinic was asking for donations to cover the cost of surgery for her broken leg. I donated and went on the list to adopt her. I was 2nd in line and when the 1st fell through, I was blessed with her. We had her for 13 years and will miss her forever.
