

Jitter Bug Noodle Harry Winston

February 24, 2010 - March 18, 2024

In Loving memory of

Jitter Bug Noodle Harry Winston

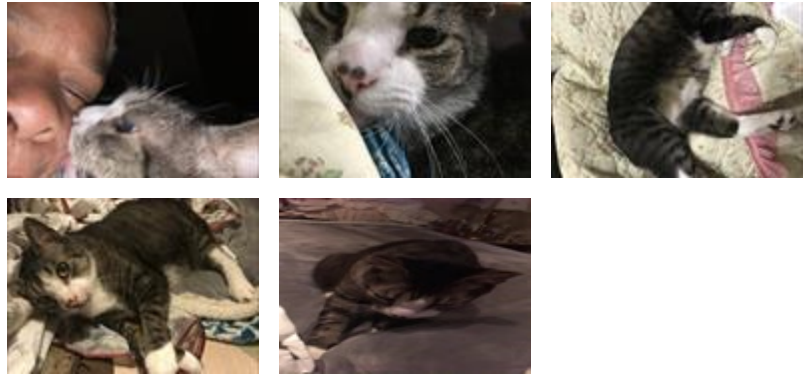

Jitterbug Noodle was a one-of-a-kind cat, that came into my life March 24 th , 2010. Right from the start Jitterbug did things his way. For 14 years in his fur-ever home, he was the only cat. Jitterbug came in as just a handful, but grew into the biggest ball of love, anyone could ask for. Jitterbug was in a class by himself. He always stayed by my side, giving his support in a meow, a warm nuzzle or just being there. I used to say that he was my nurse whenever I had a cold or a headache, as I was also his whenever he was sick. We were always by one another side. Unbelievably, Jitterbug loved to dance with my help, and he would sometimes join in when I would sing songs. Not only that, Jitterbug loved being outdoors when we would go out and just being his own cat. On March 18 th , 2024, Jitterbug crossed the Rainbow bridge after an unexpected illness. I was not ready to let him go. I will miss Jitterbug every day and I will love him forever. I want to thank Banfield Pet Hospital for the most compassionate, outstanding care a pet and pet parent could have. Jitterbug had a complete care team from the moment I visited Banfield Pet Hospital and PetSmart. Jitterbug was treated with the absolute best care, concern, and compassion by Dr. William Earley and Jae, and I was given truthful and honest information and I want to personally thank Dr. William Earley, Jae, Chara and PetSmart for their exceptional care of Jitterbug.
