“ *In Loving Memory of Joules Tesla Ferguson*
August 1, 2011 – April 6, 2026

Joules Tesla Ferguson, a white Shih Tzu with the softest fur and the very best toe beans, lived her life with the confidence and comfort of a true queen. From the moment she arrived, she made it clear that she was the ruler of the house — and everyone gladly accepted her reign.

She was a dog who never once bent herself to fit anyone’s expectations. Joules was entirely, unapologetically her own dog. Whether she was surveying her kingdom from her favorite spot, demanding attention with regal authority, or simply existing in her perfectly self-assured way, she brought joy, humor, and warmth to every day.

Joules leaves behind her devoted mother, Kimberly, her “mother from another mother,” Michelle, her beloved brother Jax, and her best friend Sophie. Each of them was part of her world, and each carries a piece of her spirit forward.

She lived a life filled with love, comfort, and the unwavering devotion of the people who adored her. Her home will forever be shaped by her presence, and her absence will be felt in every quiet corner she once claimed as her own.

May her memory continue to rule the spaces she once did, with the same quiet power and gentle charm she carried throughout her life.

Kimberly Ferguson - April 22 at 08:03 PM
