

Keni Brewster

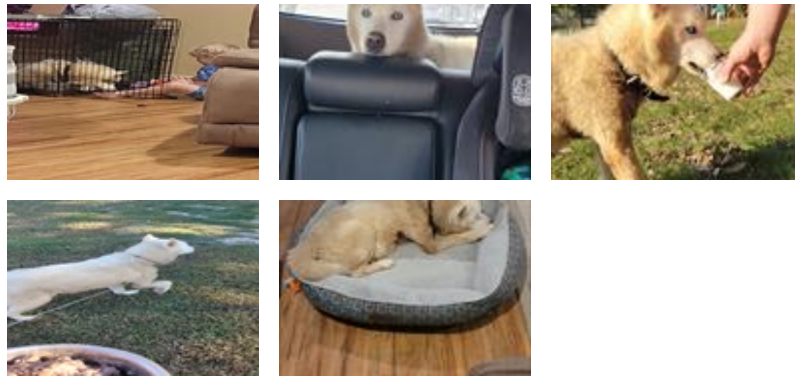

November 14, 2010 - April 28, 2025

Keni was born on November 14, 2010 to two beautiful parents Little Girl and Balto. He was the only white pup out of the litter and he looked like a walking snowball. He lived a long happy life with many fur siblings and his human brother. He was loved by everyone in the family. His energy was never ending even in his senior years. After 14 year of life he took his last breath on April 28, 2025. We all miss him so much, but we know he has crossed over the beautiful rainbow bridge. He was welcomed into heaven by his father Balto, sister Dixie, and his great grandparents.
