“Ladybug was the sweetest Chihuahua there was, she never barked and never bit and absolutely loved kids especially baby’s, she use to sit and watch the kids when they were baby’s and sleeping to make sure they were ok, any noise they made would get her attention, she watched over them like they were her own, for almost 20 years she was always there for me in times like this and was the one to help me through them but now it is time for her to go play in heaven and see her mom and dad and all her brothers and sisters, she will be forever missed but never forgotten, Rest In Peace ladybug (booger) we all love you
