

Lettie Wilson

July 11, 2016 - November 1, 2025

Letica Louise Wilson (Lettie Lou) was born on July 11th, 2016, and crossed the rainbow bridge on November 1st, 2025 surrounded by her mother (Bailey Wilson) and Father (Matthew Wilson). Lettie left behind 5 fur siblings (Cooper, Ruger, Leo & Stark) and 2 human siblings (Mason & Elaina), she joined her fur siblings Hali Mae (Bear) in heaven. Lettie loved her family with absolutely everything in her, she loved to snuggle, eat all the food in sight, give all the shuggies & loved when people played with her ears and gave her back massages. In her early years Lettie was very energetic and playful and would run and frolick like a little deer, but as years passed and she got older some of her favorite pass times was laying next to her people and resting. She was the best guard dog & any sound made she alerted, sometimes a little too well! She was very good with her small human siblings and would let them pet and crawl all over her & would give them endless kisses. She was the eldest child of her parents and was definitely spoiled over the years. She never caught that darn Easter bunny foo foo but we are sure she has found him over the rainbow bridge! She loved every year when Santa Paws or the Easter bunny would bring her all the presents.. She definitely loved Thanksgiving for all the food & would wait ever so not patiently for her plate. The holidays were her favorite time of year especially after the Christmas tree was put up. She would lay under it like the present she was & she definitely was our present. Lettie Lou gave many years of being her mama and daddy's emotional support pup and provided many years of being our therapy dog. 9 beautiful years were just

not enough. RIP Lettie Louise. You are missed more than words could ever describe! She will never be forgotten and a day will never pass where we won't think of her & her beautiful self. We love you endlessly Lettie Lou!
