TJ

“ Lexie was a rescue from Pet Smart. She was found in a ditch and someone took her to Pet Smart. I just happened to go by that day looking for a kitten and there she was. I knew she was meant for me. She could be very sweet but was also very feisty. She had her own personality and didn't mind speaking her mind with this very loud annoying meow. I would love to hear that meow now. I miss her so much.
