 Stacy  
Snow

“ *Lexus Snow was more than a dog, she was a family member that we loved like she was one of our children. Anyone that had the pleasure of meeting her quickly got over the fear they had over her being an American pit bull terrior. Lexus loved everyone, every creature and she was so gentle and kind. Everyone that met her would say she was the smartest, easy going, well behaved dog they had ever seen. I will forever be grateful that I was blessed to be her mommy. Lexus comforted me thru hard times in my life that I wouldn't have made it thru so easily if I didn't have her love and companionship. I am heartbroken that she had to cross over into heaven but I know that when it's my time she will be waiting to take me to the other side.*
