“ Lucy "Goose" Teachworth- King
December 15, 2006- May 22, 2018

The name Lucy means "light bringer" and she was the very definition of her name. She was not only the light of our lives, but to any who encountered her. So sweet and loving, she lived her life with a fire burning so strong for life and love, more so than any dog I've ever had the pleasure of sharing my life with. Lucy wouldn't let you have a bad day for long, she would do her best to make it better. Her passions in life were food, tennis ball, and people (Especially her people). I first met Lucy while working at Chez Lulu Oct 20, 2007. She was a runaway dog who ran straight to where the people and food were. I had to take her out back because she just wouldn't stop jumping up on the tables trying to beg cutely and steal food. All she had was a rabies tag on so I was unable to return her to her owner, so she came home with me that night. When the clinic called me back the next day, I was told "oh that's Lucy!! We love Lucy!" I took her to them and then I get a phone call a month later that her owner apparently didn't want this free spirited dog anymore. Of course they asked me if I wanted her, and I said why not! I was reluctant at first, having my dog Charlie pass away around the time I first met Lucy, and I was still so filled with grief. Lucy wasn't going to let me stay that way for long. She quickly fell in love with me and I her, and we were inseparable. She always knew when I was near or coming home, and would greet me with such joy!! She would bark in such a way you could hear her say "oh my gosh! Yeah!! Momma is home!!! I SO have to tell you about my day Momma!!!". We spent 10 1/2 years together and we had light brought to us each day by that amazing beautiful dog!! Lucy is survived by her sibling cats Gizmo Caterina, Josephine Lucretia, new addition Rusev. (She found the first cat and we just went from there how gentle she was with them). Her parents Rebecca Teachworth and Barry King, her grandparents, and countless friends and neighbors. We were so blessed to have had such an amazing, beautiful, loving dog in our lives. It was not only our duty to care for her, it was our pleasure and a once in a lifetime opportunity with a once in a lifetime kind of dog.

We love you Lucy and miss you so dearly every minute of the day and night. Stay busy chasing after tennis ball and yelling at crows until we get to see you again, my sweet Boo boo!

Lucy was a dog , by outward appearance . But what a personality that compared to a kind, loving , full of life , human!?! She and Rebecca lived with us about a year. I will miss giving her "doggie . massages" and feeling soft, thick fur . So many memories of Lucy . She will stand out in my long list of canine friends . Run along Lucy..... I'll see you when the time is right !!! God truly gave us a blessing, when He created dogs .

Love , Your Grammy❤️

Little Lucy "LuLu" I miss you almost as much as your mommy ! Cricket misses you too she is 17 years old . She will see you before I do , but she still has a purpose to fulfill, before she joins you , Roscoe , and Charlie . Maybe Roscoe introduced you to Charlie . Maybe Charlie introduced you to Ellsworth P. Dog . And Ellsworth introduced you to Maggie & Velvet .Maybe after you met Velvet , you were introduced to Sunny .If Velvet told Sunny who you are , then Sunny would say , Hello, Lucy. I was the first dog friend your mommy (a.k.a. Rebecca) knew and loved long ago ! She would sit by me and pick up my head and put me in her lap . I taught her how to love us dogs . But it sounds like you were her best friend too . Sure , she had human friends . You are very special to her . Thanks Lucy , for loving her as much as you did ."

Enjoy your new dog friends ,Lucy . Maybe you will meet 3 other little dog friends of mine ! Fritz , Heidi , and Lady , a special dog friend, my first .

Miss touching your so very soft ears ! See ya someday —— Love Grammy
