“ Dear Jesus please take good care of this dog. Me and him have walked together for life. And I know this dog is in a better place. I didn't want him to go threw what's happening in the world right now. But I hope you have a better life up in heaven. Amen 🙏 love you Zaydn ...

“ Luke, these sweet moments popped up on my Facebook memories just a few short days ago and it seems just like yesterday you were planting gardens with us, being grandfather Luke to our puppies, and sharing your smile everywhere you went. You became family the first day we met you and your paw print will forever be marked on our hearts.

“ My baby boy I miss you some much . This home isn't the same without you. I miss you greeting at the door with that big smile in your face. You were always a happy and loving baby. I miss you riding your bicycle, rubbing your belly. I miss see your sweet smile last thing before bed and first thing I see when I awake. You have given me unconditional love and you touch so many hearts. I am truly blessed to have you in my life for 12 years. Your momma misses and loves you so much. I know you are waiting on me at the rainbow bridge. 💔😭🐶

“ I have far too many to count. But what I will always remember is his smile and playing with his imaginary friend. I will miss his kisses, and his unconditional love he gave to all of us. Another memory I will cherish is when I went through a break up with someone I “Loved” he laid with me while I cried and would not leave my side. I will miss him very much

“ Lukey Moe, sissy Shai doesn't even know where to begin.. my heart is just so broken. I never dreamed that the last time I saw you would be my last time seeing you, I sure am glad that I hugged you so very tight and told you how much I love you. I am so happy you got to be there when me and Ryan got married & graduated highschool. I am so happy that you and your momma lived with us for a little while— we had the best days ever. I loved watching you play in the creek with kids. I loved watching Piper bug you while you was trying to nap & I loved when you and Piper would sit together at the living room/kitchen line and wait for breakfast and lunch together. You are so missed Lukey Moe & you will never be forgotten. You will always hold a special place in all of our hearts. We love you ole man.

“ *Lukey Moe Jarrell or Lukas Moe Preston as I called him was the best boy! Luke was our family pet for 12 years and everyone who met him loved him. Our home is not the same without your smiling face and random deep barks. I miss you laying in the bedroom “riding your bicycle”, honestly, I just miss you. Valentina & Bo are also lost without you here, Cal wears your collar so she can feel close to you! We love you Lukey Moe, you’ll always be sissy’s lovie! I’ll see you again at the rainbow bridge!*
