“ I will miss you so so so much lulu. Even though you were a little rat dog, you had a kind heart. Always wanting to protect Shanna from any hard. Her personal guard dog. May you rest in peace lulu.

“ Lu the Lu, what am I going to do without your “woowahwhoohoo” answers to my conversations with you?? 💔💔💔 Fast and smart and inquisitive, you were not just a pet in our house. You were the Bonnie to Zeus’ Clyde and he misses you every day. I’ve never seen a dog that move or leap faster than you, such a dynamo! And can we talk about the outfits your mama Shanna put you in? Christmas sweaters, lined winter coverups, costumes for Halloween? Nothing was ever too good for you, you were spoiled and loved beyond measure! We will miss you down here, but I have no doubt Grandma and JoJo were there waiting on you when you crossed over the rainbow bridge. Much love, Lulu (aka Lu the Lu)! Nonny
