“ Luna was not only my seizure alert dog, she was my best friend. She was almost 14 years old. I had her since she was 6 weeks old. She was a rescue. She was so spoiled and loved to cuddle. At 4 years old we realized she could alert me before I had a seizure. That's when she became my service dog. I loved it cause my baby could be with me all the time. I can't put into words how much I miss her. I think about her and her sweet silly self everyday. I remember both times I was pregnant she loved resting her head on my belly and licking it. Once they were born she was so good with them and loved laying near them. I love you my sweet baby girl. RIP ❤️
