

## Luna Jordan

January 17, 2024

"Luna was my sweet angel. I've had her since she was six weeks old. She was a spit fire just like me but truly the sweetest angel you would ever meet. She loved to just sit with you when she was being needy but loved her space too. She always greeted me when I cam home from work and announced it to the world with her woowoo's. I'll miss you my sweet angel. My pancake puppy." - Elizabeth Jordan
