“ *Macy was such a large part of our family. She loved her family, especially her mom! She was so protective of all of us and was ready to bark at whoever rang our doorbell or knocked on our door. She just LOVED her treats and would just beg for an additional bite. She would look at you with those big eyes and you just knew she was your dog. We will miss you and always have you in our memories.*

*Love,
Al, Christi, Austin, and Bethaney*
