“ *Such a sweet & brave member of our family. She brought us many hours of entertainment, comfort in our bad days, & unconditional love around the clock. Her personality from the beginning of her life was timid & untrusting of strangers, but she trusted us and accepted anyone we brought into our home. Her determined & ferocious bark made folks believe she was a first class guard dog, but she was quick to retreat if confronted. Truly the most perfect pet I have ever been blessed to own--even in her puppy stage! 13 years of pure joy! ❤️ MagPie - we thank you for the memories! 🥰*
