“ *Our precious 5 lb. baby Maggie Mae was the sweetest loving baby ever. We miss her so much. She would have been 15 years old October 27, 2019. Maggie loved to be held, loved going just about everywhere with us. She loved wearing her beautiful dresses or just wearing her pajamas to bed when cold, everyone thought she was such a little diva with her topknot in a bow to match her outfit & her hair on end of ears pigtails braided. Feel empty without her here with us. She was in charge over her bigger brothers. No baby can ever take her place, she will always be our baby girl. Maggie Mae we miss you, the tears keep coming, luckily have such happy memories of you. We love you & always will.*
