

Maya Luke

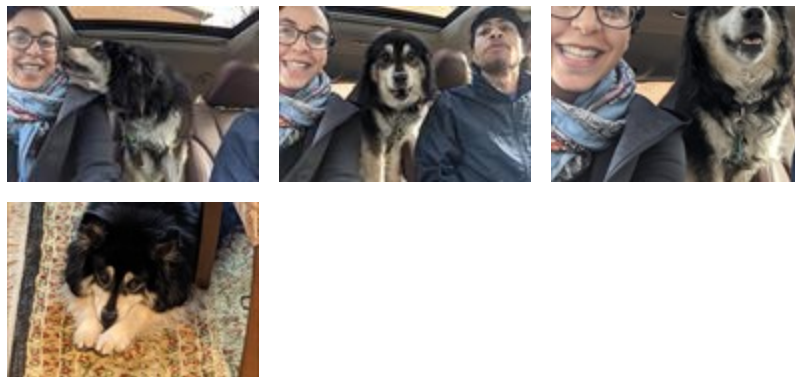

February 26, 2024

Maya was truly the definition of one of a kind. She was so special, so unique. Her eyes communicated so many things. I remember having full on conversations with her and was always amazed at how much she understood. The first time I met her I was truly struck by the peace that poured out from her. The way I saw her love the entire Luke family is something I'll never forget. May your memory be eternal Maya! Love you so much

“ Hi I'm Juanita Luke's sister. The last time I visit I took Maya for a for a walk and that's how I met most of the neighbors everyone knew Maya we came back to the house she drank some water me an my mom was sitting on the couch then maya laid down on the floor in front of me and my mom and took a nap. She was a wonderful sweat dog. We will miss her. Love u Maya RIP❤️🙏🙏
