“ I have far too many wonderful memories of Meg to choose a favorite. Meg was one of those “once in a lifetime” kind of dogs. You only know this kind of love and bond if you have experienced it yourself. And if you have, consider yourself blessed. I remember meeting Meg on September 24, 2009. She has always been a delight. I will never forget her zoomies in the office and the loving glow she encompassed her. Meg will be missed dearly!
