

## Milo Johnson

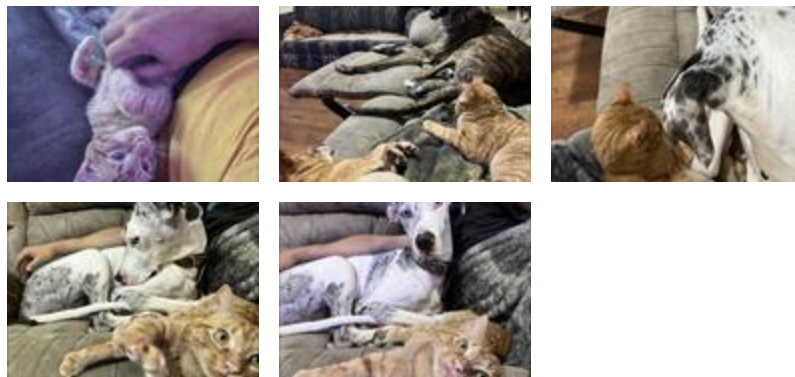

September 26, 2023

"Milo loved everyone and he loved his dogs and sister so much, he also loved his claws! I have never seen a cat who lived to play with his claws the way Milo did , he was an awesome little guy and his short time on this earth he lived it up playing , running around the house like a wild beast and getting lots of love from his people and his dogs and sister , he's going to be missed forever and loved forever!" - Jason
