In loving Memory of

Miss Kitty Tracy

2012-2015

"Never say goodbye because goodbye means going away and going away means forgetting".

Your smile and love will be forever in our hearts.

She now joins her doggy sister Lynn in heaven. We know She was greeted in heaven with a kiss and slobber.

You brought so much joy and love to us from the first time we met you.

We knew she was an angel from the start that traveled hundreds of miles straight to our hearts.

We love you and miss you so very much and can't wait to meet you at the Rainbow Bridge!

Your brother says he misses you at night.

Your dad says he is sad and misses watching TV with you.

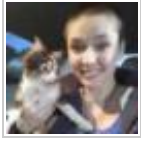

I as your mom am heart broken and miss you so very much but happy you are in heaven.

Our time with you will never be forgotten.

You will be missed by mom, dad, brother and countless friends.
