“ You were my best friend. You were with me almost 18 years and now there is such an emptiness with you gone. There with me through everything I've been through the last several years, I don't know how to cope with your absence. We miss you so much Mushu. Please watch over us until we meet again. We know you are happy and pain free and that just has to be our comfort in this difficult time. I miss you buddy and I love you. Amara hugged you when we brought you back home and then put you back in your resting place. She misses her pupper.

We miss you so much buddy! I only got to know you for a few years but you were an amazing pupper and you made your mommy feel better every time she was down. You were always there for her, even when I couldn't be and I love you for it. Rest it peace buddy, we all miss you.
