Obi-Won Luster came into our lives in Dec 2008 when we surprised the kids with him. He immediately became a part of our family. He was a great puppy and an awesome dog! He went out with us to do goat chores...even on bad days. He loved his sibling cats. He was loyal and always by our sides. His favorite activity was chasing 5 gallon bucket lids. He always wanted to catch his “frisbees” in motion and then played keep away when brought them back. He was loved and will never be forgotten,
