“ I adopted Otis (or should I say He adopted me) when he was eight years old. He was in a room all by himself at The Ark as he only loved people. Ms. Nina told me she had someone for me to meet and when I went into his room and sat down he crawled up into my lap and proceeded to snuggle and give me kitty kisses! That was it - he came home with us to be a part of our family. Mr. Otis was a real blessing to my life and the life of many others he also adopted (his human Brothers, Aunts, Uncles Cousins, and then later on in life his Daddy). He loved to snuggle and be held all the time.

Rest in peace sweet boy! I will see you on the other side one day! I love you!
