“ *My sweet boy. It's been a little over two months since you left us. Things haven't been the same without you. Mommy misses you so much! You gave me 15 wonderful years. You were my first baby long before your sister came along. I miss the two of you running through the house and taking your selfies! We're still trying to get adjusted to life without you. I swear I still hear you in the house and I have to stop myself from going to check on you because you're not here. You will always be apart of this family and we will never forget you. I love you so much. They say all dogs go to heaven. I know you are flying high. Rest well my sweet Prince. ❤️*
