

Raider Poe

February 20, 2025

I found my boy on a hot August day in 2019 beside my business. He had been hit by a car and had a broken pelvis and leg. He was very young (less than a year old) and the vet said he was in pain but likely to survive if I tended to him well. I nursed him back slowly and for 3 yrs and two months all was well. Then in Oct. 2022 he nearly died when I didn't realize he couldn't use the restroom (#2). We fought this battle till Feb 20th, 2025. His accident and broken pelvis injured nerves down there that eventually stopped working. I am not kidding when I say he was the sweetest, most curious and brave boy I ever had. I love you Raider my boy. Life isn't the same without you here.
