“ You weren't on this Earth for long and you weren't with our family for long either but sweet girl you touched my heart and I will miss you. Thank you for coming into my home and into my heart. I am so sorry I couldn't do more to make your life better but I hope my love showed and I hope you knew you were wanted. Run free sweet girl you so deserve the happiness and love that Heaven can give you. Rest in Peace and Love Raven ....
