LR

“Ricky, you were the most special and unique dog we have ever had. You did not become socialized until you were 10 1/2 months old when we brought you home from Hayden, AL and you were almost starved as a pup, so you were a challenge and boy, did you come to life with us. Delilah helped you so much when she came to us at 8 weeks old. She knew that you needed her and was your best friend. You and I had a special bond and I'll always love you. Your friends Samson, Delilah, and Scarlett still miss you terribly. Tyler looked for you last week when he was visiting. You were the best and Don, Michelle, and I will love you forever.
