

Riley Mancuso

May 12, 2021

Riley Mancuso started her life in a bad situation in a rough neighborhood in Montgomery. She was picked up by Animal Control and taken to the humane shelter where we found her. Skylar saw her and knew she belonged in our family; Riley knew it too and refused to go back in her kennel. We took her home and she immediately learned how much she enjoyed laying about, whether on the couch, on a bed or in the sun. Riley was friends with all animals that belonged in her pack and was very protective of her people, her yard and her furry siblings. Riley had several nicknames, Phat Riley, Jean and Southlawn Linda, not that she ever came to any. She loved food and never shared it, she loved Skylar but was always willing to hang with the rest of us and we all loved her lots.
