

Roly Fenton

September 5, 2012 - May 9, 2023

Roly Fenton, also known as Rolybug, was the first beloved Papillion of Margaret and Bill Fenton. He was born in Hartselle, Alabama and came to live with the Fentons in early 2013. He was called Roly because he was born “the roly poly one” and enjoyed a lifelong love of food and snacks. He also loved to play and hike. Because he was such a good boy, the Fentons added two more Paps to the family and will forever love him and his breed. He will be buried on the family’s land where he will run free forever.
