

Ronnie Hinkle

May 19, 2025

Ronnie chose me. She chose me during a very difficult time in my life. She was the Queen of my home. She loved, adored and protected me. I returned her affections. She was a great judge of character when it came to men and she was not wrong in her judgments. We loved each other for 20 years. I miss her earthly presence but I have no doubts she continues to watch over me. To my beautiful black petite beauty
