

Rufford Milligan

April 3, 2026

To whoever dropped Rufford off in our country neighborhood 16 years ago, I want to say thank you! He was the best boy ever. Our lab Molly became his big sister and deer chasing partner! They were inseparable playmates. After Molly passed we got him a little sister named Gracie. Rufford showed her the ropes, even how to jump through the hoop when she was afraid. He was a very patient big brother.

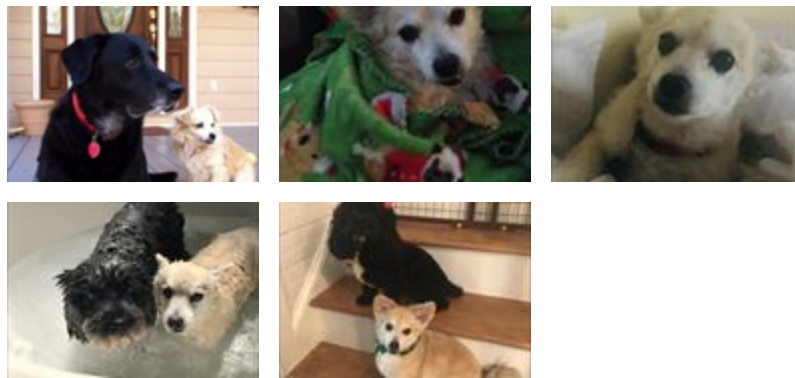

Rufford was the most loving and sweetest little guy ever, softest fur, blackest expressive eyes, and happy smile! Our precious baby. You are so missed.
