

Rusty Leach

December 5, 2023

Rusty was my son's best friend. When we got Rusty my youngest was obsessed with the show Rusty Rivets. So naturally that is what he named him. Everyday when We arrived home from school Rusty would be waiting for him. The day Rusty got sick, he didn't move a whole lot. But when his best friend got home from school Rusty tail waged and he tried to get up and play with him. He was such a good dog. For his small size he was our guard dog. He always alerted us when something wasn't right outside. It has been so hard with out him. We will miss him everyday. We also have a sweet doggie that is old and blind. Rusty would guide her around the yard and watch out for her. She didn't know what to do when he wasn't there anymore to help her. - Haley Leach
