DJ

“ You meant the world to us ❤️ I am thankful we got to take you to the beach before you left us and got to spend every minute of your last two years with you - an unexpected gift from the lockdown. You were the best friend I ever had and you never left my side. Will never forget you licked away my tears the day you left. I think about you every minute of the day and your memory will never fade. You live in my heart now, always and forever ~ Mommy ❤️🐾
