"We miss our Sadie so much, every day. She had such a great big heart and loved everyone right back! Still trying to get used to her not being here when I get home. We know she's in Heaven now with all the other pups, some she knows and some she just met. Rest now Boobee, we love you." - Mark Mitchell

"My precious baby Sadie where did the time go? Although momma loved you with all her heart, you were always a daddy's girl. You could be so funny and sweet, and I miss you terribly! If love could have saved you, you would still be here! I still can't believe you are gone but I knew it was time to let you go to be out of pain. I will never forget you! Love, Momma" - Rosie Mitchell

"Sadie was such a sweet girl. I know you miss her so much, but she'll always be with you. Me and my Sadie will miss her too." - Aunt Susan

"Sadie girl you were pure love! Rest in heaven and we will see you again. We love you baby girl!" - Jenna
