“ *Sally is a fabulous cat. She loves rolling around outside playing with all 9 of her kitty buddies. She enjoyed rubbing up on my boots and just sitting by them! I would taken them off as soon as got into the house so she could play with them. She had the best meow I've ever heard. She enjoyed talking back and forth with us. She also did the slow eye blinks talks with us. We miss seeing her beautiful face. We know she's still with us though. Love you bunches and forever Sally!* ”
