“ Our Sweet Scarlett came to us 10 years ago and she was the sweetest dog you could ever imagine. She was part of our family and loved by everyone. She is greatly missed and will always be in our hearts. Scarlett didn't like to play fetch, but she loved to play tug of war and would play it for hours if we could have lasted. She could fall asleep at the drop of the hat and would the most noisy dreams and snored really loud. Wish we could still hear her and play tug of war with her.

Sweet Dreams our Sweet Scarlett until we see you again.
