“ Fondest memory of Scarly is the MILLIONS of times she ran away when we first got her. But was always found in the craziest places..... Like, church and a library. Lol. My girl. I can say..... She literally tore into that turkey leg I gave her. Demolished it.

One thing you could always count on her to do was eat.

“ My favorite things about Scar is absolutely just her personality and the look of "Boss Energy" she exuded. Never have I ever known a dog to be as goofy, "straight-faced", or as sassy as her.

“ My sweet girl! I miss you more and more every day! The best dog a girl could ever ask for ❤️❤️

My friend is memory of Scarlett is her personality her spunk her nonchalant easy going attitude she was a sweet girl no matter how long I stayed away she never forgot me I remember the days when she used to come over my house and I would have a house full of dogs and we would have an awesome time letting them be wild and free of course I fed her table food and her mother would get upset with me but we didn't care we had our fun when we did get together and most importantly her braveness to deal with her humans was a task by itself but she was a brave go-getter she loved them in spite of their shenanigans Scarlett I love you rest in doggy heaven you brought smiles to our face it was a blessing to have been apart of your Live ❤️
