“ *My dear sweet Scooter...I still can't believe you are gone. You were a part of our family for 12 wonderful years and you will be missed every day for the rest of my life. I remember the day we met...we found you on an old country road and you were so scared. Your daddy picked you up and brought you home. He sat you down on the floor in the living room and you sunk down on your belly and scooted across the floor and I said oh look she's a little scooter...and so it was, your name was to be Scooter. You took to me instantly, you chose me as your person and I couldn't of been more pleased. We soon moved to Mississippi and then back to Alabama...every move we made, you came with us. Every road trip we took, you came with us. The last road trip we took was to the vet when it was time for you to cross the rainbow bridge...you were so sick, but even still when daddy put the window down you stuck your little head out ever so slightly so the wind could blow in your face one last time. Words cannot express how much I miss you and what I wouldn't give to hold you one more time. I hope you are happily running the streets in doggy heaven sweet girl. Mommy loves you forever and ever and you will always be in my heart.*
