

## ScottE "Da Boo Boo Baby" Bush

April 28, 2026

On April 28th embraced in love by his human dad, Walter Bush, ScottE crossed over the rainbow bridge.

ScottE is preceded in death by his mother Bama and the following human family members: Evelyn Garner (granny) Carla Bush (mom) Sandra Nix (aunt). ScottE is survived by the following human family members Walter Bush (daddy), Jessica Parker (sister), Randy Bush (brother), Zachary Hall (nephew).

ScottE was born in July 2011. He came into our lives in September 2011 as a gift to his mom Carla Bush. After his mom Carla Bush passed in 2018, he became a connection to her for the family she left behind...a living piece of her love that stayed with us through the years. In so many ways, taking care of him felt like holding onto a part of her.

ScottE was the best dog anyone could ever ask for-gentle, devoted and full of personality. He had a way of making moments brighter. Whether it was through his quite companionship or the joy he brought just by being near, he was a true member of our family in every sense. He lived a full life, surrounded by happiness, warmth, and people who loved him endlessly. He

gave us loyalty, laughter, and unconditional love every single day.

For 14 years, ScottE gave us memories we will cherish forever. His love was constant, his presence comforting, and his place in our hearts permanent.

Saying goodbye is never easy, but there's comfort in knowing he's at peace now. Our hearts are grieving and he will be greatly missed.
