“ *Scrappy was born June 25, 2010. My husband Ricky and my son Patrick, went to Selma to pick him up from a lady that was selling pugs. Scrappy has been a part of the family for eleven years. Everyone thought we named him after the Scooby Doo movies or cartoons, but that is not the reason. My youngest son Brady wanted to name him Scooby, but Patrick said no we are not. He told us the story of how when the lady opened the kennel so Patrick could pick which one he wanted. He said Mama when she opened the kennel all of Scrappy's siblings were exiting the kennel, he said it looked like Scrappy took his paw and pulled his brothers and sisters back, jumped over them and went right to Patrick. He said he is the one. It seems like Scrappy picked us as his family and we had truly been blessed with him being our pet. I want to thank Dr. John Kelliher and the staff at Camellia Veterinary Hospital for their services treating Scrappy and for Family Pet Cremation for doing the cremation of our beloved Scrappy.*
