“ Still missing you very much Shadow 😭 I've been stronger since you 1st left us but I still look for you every time I go home. I've prayed and God has sent you in my dreams at least three times. 😊 I love you forever my booty 😘

“ I miss you so much! I'm losing too many steps on my Fitbit, since you passed away. You really helped me with being more active. I'll try working out longer at the Gym. Love and miss you , Shadow.
