

Smokey 'Lil Whip' Prickett

June 8, 2025

Smokey was a little buddy but had such a big heart. He brightened dark days and was as sweet and loving as a dog could be. Smokey was a surrender at a shelter and was placed in a foster home. He was at the foster home for almost 9 months before we found and adopted him. The reality of adopting an elder dog unfortunately means limited time and watching them age. It was without question worth all the moments we had with him.

Smokey was obsessed with rotisserie chicken and got one for special occasions. He got to travel and was able to see the mountains, beach and Savannah, GA where his parents honeymooned. He was often a "grumpy old man" to his feline sister Misao.

We will miss his cuddles, snorts, and how he "tap danced" across the hardwood floor.

You will forever be missed, Smokey. Mom & Dad love you so much.

“ *Smokey was the cutest little stinker ever. I loved coming to the house for sleepovers and girls nights and having him snuggle next to me. I'll miss his ferocious bark when I came through the door. Smokey was a brave boy who thought he was a hundred pounds heavier. I'll miss him* ❤️
