

## Sophie Bishop

November 24, 2025

Sophie, and her brother Mojo, came into our lives as sweet babies! I called them the Dynamic Duo! They both made us laugh and feel so loved, as only dogs can do. Totally and unconditionally loved. For 13 years Sophie loved EVERY one of us without boundaries, never expecting anything back. But oh, how we loved this baby girl. She was and is a bright spirit the Father God brought into our lives, and will one day we will be reunited together again. Rest well Sophie. We love you!
