“ Stella Flemming 2006-2021

Stella “Marie” Flemming was found the day after Christmas in 2006 near the Flemming Transfer Warehouse, where she hopped into a pick-up truck with KT (mom) to ride to her new home in Crestwood North. She was about 5-6 months old, so we established her birthday as July 4, 2006. She was always good, except her first night when she ate Chinese takeout from the garbage. Lucy Flemming, her yellow lab mentor, and big sister taught Stella about life and love. In addition to Lucy, she had many siblings who preceded her, and thankfully, she is rejoined with Miss Kit Kitty, Henry, Mattie, and Chat Wagon. Her surviving siblings are Stanley, Pawpaw, and Eddie Munster. She had many friends, both 2-legged and 4-legged. She liked to have her makeup in the morning and go for a hike with her mom Gina. Stella was a great communicator and knew how to get our attention by dinging the bed frame to wake us up and scratching on the door to go outside. She was a comedian, making faces on glass doors, and barking “Roll Tide” at football parties. Her moms, KT and Gina, and her large extended family of Aunts, Uncles, Cousins, and Friends will forever celebrate our star, Stella Marie.
