“ *Such a sweet girl, always standing up for and protecting her people! So easy going and made me feel comfortable around dogs :) I hope you and Dulce are romping around on the beach in Heaven-see you on the other side, Strudel!*

“ *Strudel, I didn't understand what it was like to truly bond with a pup until I met you. You came into my life in a dark time and filled it with love. You truly saved me. You are a literal angel, with the purest heart of any creature. A truly selfless being who loved and lived for your family. I could never repay you. I can't believe how much I miss you! My heart is broken. I know you are with Dulce, watching over him and protecting him in doggy heaven. You are my heart and I love you so much!*

“ *My sweetest angel girl, you were my protector, my best friend and so loyal to me. I thank you so much for always being there for me, for feeling my feelings, you were so sensitive. I think sometimes you knew I was upset or happy before I did! I love you 'Strut' my sweet baby girl. I hope you're flying in your angel wings. Thank you for sharing life with us.*
