“ To our wonderful Tank,  
You were a wonderful pet. But you were much more than that you were our baby. God sent you to us during our time of need . You have filled an whole in our hearts due to us wanting a “2 legged child”. You were our fur baby. Everyone who had a an opportunity of knowing you, loved you. Your time with us was much to short and I and your daddy did not want to let you go. I feel your presence when I look at Mercedes. I also feel your spirit and strength when no one is around. Your 8 years on this earth was a gift from God.  
Until we meet again.  
Your Mommy
