KE

“ RIP my sweet Tiger.

Our precious Tiger of 17 yrs passed away Saturday 1/11/20 . Our hearts are broken. Some say we rescued Tiger , but he rescued us . Tiger added so much joy , love and excitement to our family .

Tiger was a protector to all . He was a hunter . Ugh snakes , birds and possums ! I never knew what critter would be awaiting me .

Tiger’s best buddy , Sparky , passed away 6 yrs ago (Jan 6) and he mourned hard . We eventually welcomed another rescue baby into our family , Ace. And then we rescued Danny a few months later. With all that said Tiger has never been the alpha dog , but if I could give Tiger an award it would have been “Most Loved”. Loved by many ! They say dogs love you more than they love themselves. That is true with our Tiger. He was always happy watching the younger pups “act” as if they were top dog .

We will miss that precious Tiger . I will miss his quizzical looks, his sideway walk when I put his sweater on or the way he would just sit on my feet to let me know he was my protector.

I love you Tiger Elliott. You will be missed , but you are forever in our hearts . 💙
