

Titan Burttram

August 9, 2025

We will never forget the day Titan came into our lives. From that day forward, Titan became a central part of our daily rhythm. We will miss the sound of his paws on the floor, the wet nose nudging our hand for attention, and the constant wag of a tail that spoke volumes.

We are so grateful for every day we had with you. Thank you for the endless love, the laughter, and the simple, gentle moments that made our house a home. You were truly the "goodest" boy. Our angel baby.
