

Tucker Steelman

April 8, 2024

"Tucker was adopted on December 5, 2015 by Patti and Jim Steelman. We think he was 2 to 4 years old. He was Patti's shadow and followed her every where. He was a very good dog and loved to hunt for chipmunks in the backyard and with his sister, Reese, attack a raccoon more than once. Thankfully, Reese is over 40 pounds and they got the best of the raccoons. He would snore deeply when asleep and slept soundly by Patti each night." - Patti Steelman
